• Biweekly Payroll

The Human Resource/Payroll PeopleSoft System maintains all detailed payroll, fringe benefit, and personnel information. From a payroll perspective, the system's primary objective is to ensure prompt, accurate payments to all University employees.

The PeopleSoft System performs all gross-to-net calculations, including computation of the tax withholdings and most of the cost calculations for fringe benefits. The system affects many other systems in the University, (i.e. Payment Services System, Financial Accounting System), and it is a primary source of financial management information.

2.8.3 Holiday Schedules

All employees and departments should be aware of changes in payroll deadlines and dates due to holidays. University Human Resources and the Payroll Department will forward information to departmental Human Resource Reps and Timekeepers concerning any deadline changes.

2.8.4 Overtime Pay

- Payment for overtime hours must be made in accordance with the provisions of the Fair Labor Standards Act.
- Hours worked over 40 in a week must be paid as overtime.
- Payment for overtime will be made by the Payroll Department in the next regularly schedules payroll cycle.
