Policy Details

REQUESTING LEAVE

An employee must submit a completed Leave of Absence Request Form for a personal leave, along with a letter explaining the reason and duration of time requested. These materials must be submitted in advance of the effective date of the requested leave. The department and Human Resources, Employee Relations will approve or disapprove the leave request in writing, basing the decision on the reason for the request, the employee's job performance record, and the operational needs of the department. The department must notify the employee in writing whether their position will or will not be held.

Examples of acceptable uses of personal leave include, but are not limited to: reduction in force, volunteer opportunities, civic responsibilities, or compelling extenuating circumstances.

An employee may request a leave in increments up to 30 calendar days not to exceed 90 calendar days.

USE OF LEAVE BALANCES

Employees who are granted a personal leave of absence must use any applicable accrued, unused sick leave, vacation leave, and floating holiday hours beginning with the effective date of the leave.

Accrued, unused sick leave may be used when an employee needs a Personal Leave to care for an immediate family member and is either ineligible for FMLA or has exhausted FMLA. The department may require a statement from a health care provider confirming the use of sick leave while on Personal Leave. Reference the Sick Leave Policy for additional information.

Upon exhaustion of any applicable paid leave, the remainder of any personal leave of absence will be unpaid. Employees do not accrue leave benefits while on unpaid leave.
